## ABOUT the AUTHOR

*d. d. marx*

D.D. MARX is an author, blogger and inspired writer for the chick-lit genre. She is a Second City graduate, hopeless romantic, amazingly proud Aunt, a forever friend and life lover.

d.d. marx came barreling into this world with the "gift of gab". Her parents quickly identified a pattern forming when each teacher conference contained the words "she's a little too social". d.d.'s biggest life concern was identifying which boy she'd be chasing at recess rather than mastering math problems. She parlayed this gift into creating play dates on the playground. If friendship were a business, she would be a millionaire. She prides her life on maintaining friends from every walk of life in every corner of the country. This is the fuel that fills her tank.
